**Bishop's Castle Patients Group**

*working for patients*

### Notice of vacancy

The Bishop's Castle Patients Group is looking for a new member for its Steering Group as a vacancy has arisen.

The new member will be joining the Group at an interesting and challenging time. Major issues facing health care in the Bishop's Castle area are the Future Fit proposals for the reorganisation of hospital care and the proposals under the recently launched Shropshire Care Closer to Home programme. These issues are of particular concern given the existence of a Community Hospital in Bishop's Castle, and the Patients Group is playing an active part in the various consultation processes.

Anyone interested in joining the Steering Group should contact the chair, Jan Arriens, on [jarriens@globalnet.co.uk](mailto:jarriens@globalnet.co.uk) or 01588 630773.

Closing date for applications: 31 December 2018
